

The Life Solutions Network is a collaborative effort involving volunteers and service professionals in the Northern Kentucky/Cincinnati area working to improve the quality of life with those in need through *“life skills and volunteer solutions”*.

LIFE SKILLS

Mission

Create a life skills toolbox to enable people to serve to their potential.

Themes

Live with Purpose

- We build capability in people struggling with life (the poor, in recovery, debt burdened, unemployed) AND the volunteers AND the organizations serving them.
- Your volunteer experience will be richer because of your participation with the Network. You become a “skill builder” AND the organization you support becomes stronger.
- We are a free, money-less organization with a focus on social service in our community. *People helping people.*
