

## Our mission:

*Grow the capability of people in need  
by inspiring and enabling volunteers and non-profit leaders  
to serve to their purpose, passion and potential.*

Speakers Bureau

- We are a free, money-less organization with a focus on capability-building social service in our community. *People helping people.*
- We build capability in people struggling with life (the poor, in recovery, unemployed) AND the volunteers AND the organizations serving them.
- Your service experience will be richer because of your participation with the Network. You become a “skill builder” AND the organization you support becomes stronger.
