

VOLUNTEER NKY 2017

Volunteer NKY is a movement to encourage social service volunteerism in Northern Kentucky.

Background: Volunteer NKY is in its 3rd year and we're making progress. Our regional team is influencing volunteerism strategically and systemically. In 2016 we started a Facebook page, developed a Volunteer Vision process and workshop, held the 2nd volunteer fair and developed a Best Practices tool for volunteer leaders.

VOLUNTEER VISION

- *We build a more vibrant and engaged NKY by easily connecting people of all ages and all walks of life with opportunities to serve.*
- We are all in it together, everyone makes the world a better place in their own unique way.
- People volunteer to their purpose, passion and potential.
